

EDUCATION

Master of Science in Computer Science	GPA: 4.0/4.0	2021 – 2023
University of Information Technology (UIT), Ho Chi Minh City, Vietnam		
Bachelor in Information Technology	GPA: 3.6/4.0	2017 – 2021
University of Information Technology (UIT), Ho Chi Minh City, Vietnam		

SKILLS

- Programming Languages:** Python, C++, C#, JavaScript, SQL.
- Backend Development:** Node.js, Django, Flask, REST APIs, Microservices.
- Game Development:** Unity3D, Unreal Engine, C# scripts, gameplay mechanics.
- Project Management:** Agile, Scrum, Kanban, Jira, Trello, team leadership, task prioritization.
- Languages:** English (TOEIC 850), Japanese (N2), Chinese (Basic).

EXPERIENCE

Backend Developer	01/2021 - 12/2022
- Developed RESTful APIs and microservices for web and mobile applications. - Optimized database queries and improved server performance by 25%. - Collaborated with frontend and DevOps teams to deploy scalable applications in cloud environments.	
Game Developer	01/2021 - 12/2022
- Designed and implemented gameplay mechanics and interactive features in Unity3D and Unreal Engine. - Created multiplayer functionalities and integrated assets into game environments. - Collaborated with designers and artists to deliver high-quality game experiences.	
Project Manager	01/2023 - 12/2023
- Led a cross-functional team of 8 developers and designers to deliver backend and game projects on time. - Managed project planning, risk assessment, and stakeholder communication using Agile/Scrum methodologies. - Implemented processes to track project KPIs, milestones, and quality standards.	

PROJECTS

Multiplayer Online Game Prototype
- Developed an online multiplayer game using Unity3D and Photon Engine for networking. - Implemented real-time player interactions, scoring system, and inventory management. - Optimized performance for both desktop and mobile platforms.
E-commerce Backend System
- Built backend for an e-commerce platform using Node.js and Django with REST API endpoints. - Implemented user authentication, payment integration, and product management. - Deployed system on AWS and maintained monitoring pipelines.
