EDUCATION

Bachelor in Information Technology

GPA: 3.5/4.0 2015 – 2019

University of Information Technology (UIT), Ho Chi Minh City, Vietnam

SKILLS

Programming Languages: JavaScript, TypeScript, Python, C++, HTML, CSS.

Frameworks & Libraries: React, Vue.js, Next.js, Node.js, Django, Unity3D, Unreal Engine.

Databases: MySQL, PostgreSQL, MongoDB, Redis.

Cloud/DevOps: AWS, Docker, Kubernetes, CI/CD.

Languages: English (TOEIC 700), Japanese (N3).

EXPERIENCE

Backend Developer

01/2019 - 12/2020

- . Developed and maintained RESTful APIs and microservices for web applications.
- . Optimized database queries and implemented caching strategies.
- . Collaborated with frontend teams to integrate APIs efficiently.

Frontend Developer

01/2021 - 12/2022

- . Built responsive web interfaces with React and Vue.js, ensuring cross-browser compatibility.
- . Implemented interactive UI components and reusable design patterns.
- . Collaborated with backend teams to integrate APIs and improve user experience.

Game Developer

01/2019 - 12/2021

- . Developed 2D and 3D game prototypes using Unity3D and Unreal Engine.
- . Implemented gameplay mechanics, animations, and physics simulations.
- . Optimized game performance and memory usage for desktop and mobile platforms.

PROJECTS

E-Commerce Web Platform

- . Developed a full-stack e-commerce web application with React frontend and Node.js backend.
- . Implemented product catalog, shopping cart, payment system, and user authentication.
- . Deployed the system on AWS with CI/CD pipelines.

Multiplayer Game Project

- . Built a multiplayer 3D game using Unity3D, integrating server-client networking.
- . Designed game levels, implemented game logic, and tested for performance and stability.
