EXPERIENCE

Software Tester

01/2020 - 12/2021

- ✓ Performed manual and automated testing for web and mobile applications.
- ✓ Designed test plans, test cases, and conducted regression testing to ensure software quality.
- ✓ Reported bugs and coordinated with developers to resolve issues efficiently.

Backend Developer

01/2022 - 12/2023

- ✓ Developed RESTful APIs and microservices for multiple web applications.
- ✓ Optimized database queries and implemented authentication, authorization, and security measures.
- ✓ Collaborated with frontend teams and deployed applications on AWS.

PROJECTS

AI Sleep Quality Evaluation System

- ✓ Designed and implemented an AI system to evaluate sleep quality from sensor and image data.
- ✓ Built data preprocessing pipelines and trained models using CNN and LSTM architectures.
- ✓ Deployed the system on a web platform with Flask backend and React frontend.
- ✓ Achieved accuracy of 88% in predicting sleep quality scores.
