EXPERIENCE

Frontend Developer

01/2024 - 12/2024

- ✓ Developed responsive web interfaces using Vue.js and React for multiple projects.
- ✓ Collaborated with UI/UX designers to ensure pixel-perfect designs and cross-browser compatibility.
- ✓ Improved web performance and accessibility, reducing page load times by 20%.

Data Analyst

01/2025 - now

- ✓ Collected, cleaned, and analyzed data for business and web projects.
- ✓ Created visualizations and reports to support decision-making processes.
- ✓ Worked closely with development teams to provide actionable insights from data analysis.

PROJECTS

Dental Clinic Appointment Web Application

- ✓ Built a platform for patients to book appointments, view doctor schedules, and receive reminders.
- ✓ Frontend developed with React and Next.js, backend using Node.js and MongoDB.
- ✓ Integrated user authentication, role-based access for patients and staff, and online notifications.
- ✓ Github: <https://github.com/nguyenhttoan/DentalClinicBookingWeb>

Cooking Guidance Chatbot

- ✓ Developed an interactive chatbot that guides users through recipes and cooking steps.
- ✓ Backend implemented with Node.js; integrated NLP algorithms for understanding user queries.
- ✓ Designed frontend interface for chatbot interaction with React, ensuring responsiveness across devices.
- ✓ Github: <https://github.com/nguyenhttoan/CookingChatbot>
